

SPEEDWRAP® CINCH STRAPS—

IT'S A SIMPLE SOLUTION!

SPEEDWRAP® BRAND

Self-Engaging Fastener

SPEEDWRAP® CINCH STRAPS utilize a self-engaging fastener system with the hook end ultrasonically welded to the loop strap.

This closure system offers a simple but flexible solution for wire or cable management.

Each strap is fully adjustable throughout its length, providing strong holding power and secure bundling.

SPEEDWRAP® CINCH STRAP

Simply wrap the bundle, feed the tongue end through the buckle, cinch the strap down and go.

Standard in white or black. Available in colors. Minimums apply. SPEEDWRAP® Cinch Straps are PERFECT FOR MARINE, MEDICAL, SPORTS, COMMUNICATION OR INDUSTRIAL APPLICATIONS.
