SPEEDWRAP® BRAND

LOW PROFILE "QT"™ STRAPS AND

Speedwrap® brand Low Profile "QT"™ straps and rolls are a fantastic addition to the current Speedwrap® family of reusable hook and loop self-engaging fasteners. These low-profile material straps are a perfect fit in low-clearance areas such as inside computer towers or on networking racks. Formed from mated hook and loop material these straps can be cycled hundreds of times.

Available in different size strap and roll lengths, Speedwrap® brand "QT"™ are designed to meet your needs for cord and cable management.

PERFORMANCE

Average Peel:	.3 PIW
Average Shear:	20 PSI
Cycle Life	Low-Medium
Operating Temperature Range	0-220° Fahrenheit
